

# 6" Pinwheel Block (pg. 2)

Directions for Rotary Cutting

## Cutting:

Cut four 4" squares:

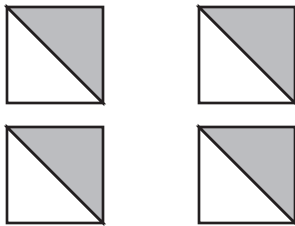

Cut each square on the diagonal:

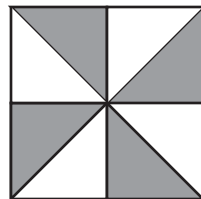

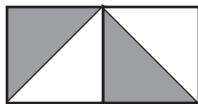

## Sewing and Pressing:

Sew two triangles together into a square. (Press to the dark) Repeat with other three sets of triangles. "Square up" to 3 1/2" squares.

Lay out your squares as seen below. Sew sets of squares together. Press each seam to the arrow direction. Sew these sections together. Make sure to match all the points at the center.

(Press seam open)
